Summary

I am a master student at Kyung Hee University, majoring in Artificial Intelligence. I achieved B.S. degree in the Department of Software Convergence from Kyung Hee University in 2023. My research interests include Domain Adaptation, Semantic Segmentation and Transfer Learning.

Education

- MS Kyung Hee University**, Artificial Intelligence Sep. 2023 to Current
- **Advisor:** Gyeong-Moon Park
- BS Kyung Hee University**, Department of Software Convergence Mar. 2017 to Aug. 2023
- GPA: 3.5/4.3
 - **Coursework:** Algorithms, Artificial Intelligence, Deep Learning, Data Science.
 - **Advisor:** Gyeong-Moon Park

Research Interests

- Domain Adaptation
- Semantic Segmentation
- Transfer Learning

Publications

International Conferences

- Open Set Domain Adaptation for Semantic Segmentation** Jun. 2024
Seun-An Choe, Ah-Hyung Shin, Keon Hee Park, Jinwoo Choi, Gyeong-Moon Park
IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR), 2024
- Universal Domain Adaptation for Semantic Segmentation** Jun. 2025
Seun-An Choe, Keon Hee Park, Jinwoo Choi, Gyeong-Moon Park
IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR), 2025

Domestic Conferences

- Confidence-based Pixel-wise Domain Mixing for Unsupervised Domain Adaptation** Dec. 2022
Seun-An Choe, Gyeong-Moon Park
Korea Software Congress (KSC), 2022

Technologies

Languages: Python, C++, JavaScript
